

Wang Zihao

Undergraduate Student in Psychology (Qiushi Honor's Program), Zhejiang University
psychwangzihao@zju.edu.cn · +86 139-5729-1709 · psychwangzihao.github.io
866 Yuhangtang Road, Hangzhou 310058, China

EDUCATION

09/2025 – 06/2029
(Expected)

Zhejiang University — B.Sc. in Psychology (Qiushi Honor's Program)

Hangzhou, China

Research mentors: Dr. Yuzheng Hu (Department of Psychology and Behavioral Sciences, Zhejiang University) and Dr. Dian Lyu (MOE Frontier Science Center for Brain Science and Brain-Machine Integration)

- **GPA:** 3.95/4.3 (Top 2 in Honor's Program) · **English:** IELTS 8.0
- **Courses taken:** Research Techniques in Psychology; Language, Mind and Brain; Probability and Mathematical Statistics; Calculus; Linear Algebra; Programming; Ethics and Philosophy of Artificial Intelligence

01/2026 – 02/2026

University of Oxford — Oxford Prospects Winter Visit

Psychology: Interdisciplinary Frontiers of Behaviour and Mind in the Age of AI · grade A+

Received the Best Presentation Award and the Best Film Award

RESEARCH INTERESTS & TRAINING

Research Interests: mental imagery and aphantasia; consciousness (self-model; absence).

Research Training:

- **Lab Rotations:** conducted rotations in social, clinical, developmental and cognitive neuroscience labs, progressively focusing on cognitive neuroscience as a pathway to investigate consciousness.
- **Methodological & Philosophical Training:** broadened perspectives through national academic conferences and philosophy-of-mind seminars; engaging with frontier consciousness research through the Consciousness Science Reading Group (Swarma Club) and the Interdisciplinary Reading Club of Aphantasia (IRCA).
- **Technical Skills:** acquired basic training in fMRI, EEG, fNIRS and eye-tracking, with more hands-on practice in behavioural experiments and fMRI; familiar with Python and C, currently learning MATLAB, SPM and PsychoPy.

RESEARCH EXPERIENCE

2026 – 2028

Undergraduate Researcher — Visual mental imagery and aphantasia

PI: Dr. Jianghao Liu, Ph.D. (Paris Brain Institute, ICM) · Zhejiang University

- **Research question:** whether imagery signals in aphantasia fail to be generated, or are generated but fail to reach conscious access — a distinction the existing literature has not resolved.
- **Design & methods:** co-designed the study; the protocol combines a near-threshold perceptual detection task with an imagery task, together with electrophysiological and neuromodulation measures of visual-cortical and prefrontal involvement.
- **Role:** built the experimental platform at Zhejiang University and am responsible for participant recruitment, data collection and quality control.

- 01/2026 – Present **Research Assistant — Brain plasticity following spinal-cord-stimulation therapy**
PI: Dr. Dian Lyu, Ph.D. · Liangzhu Laboratory, Zhejiang University
- **Project objective:** to investigate how the motor cortex reorganizes during BCI-mediated recovery, by studying individuals who regained motor function after spinal cord stimulation.
 - **Experimental design & stimuli:** contributed to refining the experimental paradigm and independently transformed raw stimulus materials into finalized experimental stimuli through video editing and systematic formatting.
 - **Data acquisition:** assisted with fMRI data acquisition during ongoing data collection, and contributed to optimizing the PsychoPy program for reliable stimulus presentation.

COMMUNITY SERVICE

- 06/2026 – Present **Founder and Coordinator — Consciousness Observers (CO-LAB)**
Zhejiang University
- Founded an interdisciplinary consciousness-research group spanning several departments; designed and maintain its website; convened its first event in the Department of Psychology.
- 12/2025 – 04/2026 **Lead Organizer & Initiator — Psychology Outreach Series, 2050@2026 Global Youth Gathering**
Hangzhou, China
- Designed and delivered the keynote *Where Is the Mind?* to translate psychological insights for a cross-disciplinary audience; organized and moderated the *This Is Psychology* forum (recruited three peer speakers and co-presented); and facilitated the *The Psych Crew Assembles* roundtable.
 - Coordinated three experiential sessions (nature therapy, movement therapy and an interactive exhibition) by managing practitioner invitations, participant logistics and on-site support.
- 2026 – 2027 **Peer Mentor Group Leader**, Qiushi Psychology Science Class & Brain-Machine Intelligence Innovation Class, Zhejiang University
- 2026 – Present **Class Monitor**, Psychology (Qiushi Science Class) 2501, Chu Kochen Honors College, Zhejiang University
- Aug – Sep 2026 **Volunteer**, Sino-European International Conference on Human Cognition and Artificial Intelligence
- 03/2026, 09/2026 **High-school science outreach**, Hangzhou No. 2 High School; Yuqian High School, Lin'an

HONORS & AWARDS

- 08/2026 First Prize (large-project workshop), *“Mind Science and Intelligent Future”* International Summer School for Top Students in Psychology — Ministry of Education Psychology Teaching Steering Committee & Faculty of Psychology, Beijing Normal University
- 03/2026 Excellent Poster Award, Psychology (Honor's Program) Research Exhibition, Zhejiang University
- 04/2025 Best Debater & Best Team, Design Intelligence Award (DIA) Debate Competition
