EDUCATION

Zhejiang University, Hangzhou, China

B.Sc. in Psychology (Qiushi Honor's Program)

09/2025 – 06/2029 (Expected)

- **GPA:** 3.95/4.3 (Top 2 in Honor's Program)
- **Language:** Mandarin (native), English (IELTS 8.0)
- **Courses Taken:** Psychology, Research Techniques in Psychology, Language, Mind and Brain, Probability and Mathematical Statistics, Calculus, Linear Algebra, Lab. & Fundamentals of Programming, Ethics and Philosophy of Artificial Intelligence, etc.

University of Oxford, Oxford, United Kingdom

Oxford Prospects Winter Visit (2026): Psychology: Interdisciplinary Frontiers of Behaviour and Mind in the Age of AI (A+)

- Received the *Best Presentation Award* and the *Best Film Award*

Visiting Student (Experimental Psychology), Pembroke College

10/2026 – 06/2027 (Expected)

RESEARCH INTERESTS & TRAINING

Research Interests

Consciousness (self-model, absence); mental imagery and aphantasia

Research Training

- **Lab Rotations:** Conducted rotations in social, clinical, developmental, and cognitive neuroscience labs, progressively focusing on cognitive neuroscience as a pathway to investigate consciousness.
- **Methodological & Philosophical Training:** Broadened perspectives through national academic conferences and philosophy of mind seminars. Engaging with frontier consciousness research through the Consciousness Science Reading Group (Swarma Club) and the Interdisciplinary Reading Club of Aphantasia (IRCA).
- **Technical Skills:** Acquired basic training in fMRI, EEG, fNIRS and eye-tracking, with more hands-on practice in behavioral experiments and fMRI. Familiar with Python, C, and currently learning MATLAB, SPM, and PsychoPy.

RESEARCH EXPERIENCE

Brain Plasticity following Spinal-Cord-Stimulation therapy | Liangzhu Laboratory, Zhejiang University
(Research Assistant | Advisor: Dr. Dian Lyu)

01/2026 – Present

- **Project Objective:** To investigate how the motor cortex reorganizes during BCI-mediated recovery by studying individuals who regained motor function after spinal cord stimulation.
- **Experimental Design & Stimuli:** Contributed to refining the experimental paradigm and independently transformed raw stimulus materials into finalized experimental stimuli through video editing and systematic formatting.
- **Data Acquisition:** Assisted with fMRI data acquisition during ongoing data collection. Also contributed to optimizing the PsychoPy program for reliable stimulus presentation.

COMMUNITY SERVICE

Psychology Outreach Series, 2050@2026 Global Youth Gathering | Hangzhou, China
(Lead Organizer & Initiator)

12/2025 – 04/2026

- Designed and delivered the keynote *Where Is the Mind?* to translate psychological insights for a cross-disciplinary audience; organized and moderated the *This Is Psychology* forum (recruited three peer speakers and co-presented); and facilitated the *The Psych Crew Assembles* roundtable, creating a structured, inclusive space for peer exchange.
- Coordinated three experiential sessions (nature therapy, movement therapy, and an interactive exhibition) by managing practitioner invitations, participant logistics, and on-site support, thereby enabling practitioners to focus on content quality.

HONORS & AWARDS

- *Excellent Poster Award*, Psychology (Honor's Program) Research Exhibition, Zhejiang University
- *Best Debater & Best Team*, Design Intelligence Award (DIA) Debate Competition

03/2026

04/2025
